### INFORMATION FOR CANDIDATES

There are 2 tasks on this question paper.

You must do both tasks.

Under length answers will be penalized.

### Task 1

You should spend about 20 minutes on this task.

The charts below show the number of French adults whose parents spoke a French regional language to them when they were children and the number who speak a French regional language to their own children.

Write a report for a university lecture describing the information below.

Write at least 150 words.

Number of adults (in thousands) whose parents spoke a regional language to them in childhood

Number of adults (in thousands) who speak a regional language to their own children

### Task 2

You should spend about 40 minutes on this task.

Present a written argument or case to an educated reader with no specialist knowledge of following topic.

**In some societies, stress is now regarded as a major problem, and it is thought that people suffer from more stress than they did in the past.**

**However, others feel that the amount of stress people have today is exaggerated. They say that previous generations were under more pressure, but the idea of suffering from stress did not exist.**

**Discuss both these views and give your own opinion.**

**You should use your own ideas, knowledge and experience and support your arguments with examples and relevant evidence.**

Write at least 250 words.
